

When looking for schools, I'm sure you chose Westmount because of the support and educational opportunities it provides. We want our kids' giftedness to be nurtured, and for it to shine through from the inside-out.

But a school has to be more than a classroom. Your donation goes directly to enhancing the educational experience, allowing our kids to engage in new activities they may never otherwise have, and maybe even discover how they want to change the world.

These opportunities cannot happen without your help.

We asked parents and friends of Westmount to help last year, and despite the challenging economic situation in Calgary, you helped us.

Thank you for your help!

Your generous giving enabled Westmount students to have additional opportunities inside and outside of the classroom. Our kids were able to go to field trips such as Telus Spark and the Glenbow, and resources were brought in for activities such as dancing and drumming. Council helped fund these, and they might not have been possible without your support.

We provided educational opportunities for parents, too! Guest speakers have included Paul Davis (navigating online safety with social media) and Dr. Sal Mendaglio (primer on giftedness). This year we started parent education off with a two-part series on mental health, and have more sessions planned.

You made all of this possible!

With your continued support, we can provide similar opportunities to our kids this year. We can bring in outside instructors, provide student awards,

Fostering gifted education from the inside out

and bring the kids to art, cultural, and natural areas in and around the Calgary area.

We cannot provide these valuable experiences without your help. Please consider a gift this year to help enhance the school year.

Your generosity ensures that Westmount provides not only the classroom experience that our gifted kids need, but the opportunities to explore, to grow, and to go farther.

Thank you for your continued generosity and support!
