#### HIGHLIGHTS, PLANS, ASSUMPTIONS AND RISKS SUMMARY- 2024/2025 BUDGET REPORT

The following were presented to the Board and approved as underlying the budget. These key points and assumptions used in development of the budget take into consideration the economic environment of the jurisdiction, focus on anticipated changes from current year, and are realistic and consistent with the three year Education Plan. At a minimum, they disclose key budget assumptions, financial & business risks, and specific strategies explaining how this budget will support the jurisdiction's plans.

### **Budget Highlights, Plans & Assumptions:**

- 1) Westmount's budget projects a deficit which will be financed wholly through the use of excess accumulated surplus and transfer of excess portion of the capital reserve back into unrestricted surplus.
- 2) Alberta Education funding has been confirmed and this budget reflects those numbers.
- 3) Enrolment FTE and staffing FTE will have minor changes from prior year and have been conservatively estimated in close consultation with school administration.
- 4) Salary levels remain unchanged from prior year, except for experiential increases.
- 5) Services, contracts and supplies reflect inflationary increases and have been budgeted conservatively.

#### Significant Business and Financial Risks:

- 1) While enrolment has been conservatively estimated by school administration, actual enrolment may be lower than anticipated, translating into less funding in future years, given the move to the weighted moving average model.
- 2) Certificated salaries have a large range from the bottom of the grid to the top end of the grid. Changes in certificated staff could result in significant swings in salary expenses.
- 3) The inflationary economic environment may result in increased operating costs, resulting in larger deficit.

### DETAILS OF RESERVES AND MAXIMUM OPERATING RESERVE LIMIT EXEMPTION CRITERIA

for the Year Ending August 31, 2024

This template is designed to provide information about your school jurisdiction's reserves and to assist you in determining if you need to submit a letter requesting an exemption to exceed the maximum limit of Operating Reserves to the Minister. It has been split in to two parts, exemptions (Row 20 - 45) and transfers between operating and capital reserves (Row 46 - 61).

As per the 2023/24 Funding Manual, a formal request for an exemption to exceed the 2023/24 maximum operating reserve must be approved by the board and submitted to the Minister. If a reserve request to exceed the limit is required, please submit your formal letter by Novembra 30, 2024. This tab should be attached as a supplement to your formal request. School jurisdictions who are projecting their 2023/24 partiag reserves to be over their 2023/24 maximum limit, which is based on the school jurisdiction's 2023/24 system administration percentage (3.2% to 5%), must complete Section A. These school jurisdictions will only require an exemption for the 2023/24 school year and not in the 2024/25 school year, assuming the balance is still below 6% in 2024/25. School jurisdictions projecting 2023/24 operating reserves to be over their maximum limit for 2023/24 AND the new 2024/25 limit of 6% of total expenses must complete both Section A and B, as they will need to demonstrate when operating reserves will be drawn down below 6% over the subsequent school years. School jurisdictions who are projecting to be below their maximum limit in 2023/24 are not required to complete Section A or B.

If your school jurisdiction is projecting to transfer between operating and capital reserves for the 2023/24 and/or 2024/25 school year, please complete the section under Row 46. The transfer amounts reported should agree with the 'AOS' tab. Please note that a letter requesting Ministerial approval is required to transfer from Capital to Operating Reserves.

#### SECTION A: (MAX LIMIT EXEMPTION CRITERIA)

Please provide detailed rationale and planned usage for operating reserves in excess of the 2023/24 maximum:

Please note that this does not constitute as a Ministerial request for approval. An exemption request letter submitted to the Minister is still required for an exemption for the 2023/24 school year.

#### SECTION B: (MAX LIMIT EXEMPTION CRITERIA)

If estimated 2023/24 operating reserves are greater than 6.0%, provide a detailed drawdown plan to illustrate how and when the reserve balance will be below 6.0%. However, if your 2023/24 operating reserve balance is 6.0% or greater, but you anticipate that the 2024/25 balance will be less than 6.0% or you do not plan to request an exemption, you are not required to complete Section B. Please indicate this in the response under Section A.

Please report the projected amounts and detailed rationale for transfers between operating reserves and capital reserves for the 2023/24 and 2024/25 school year. The net transfer between operating and capital reserves should agree the amounts reported in the 'AOS' tab. (Note: Ministerial approval is required to transfer from Capital to Operating Reserves):

#### NOTES:

- 1) Enrolment is to be completed WHEREVER APPLICABLE and are 'as at September 30th' for each year.
- 2) Budgeted enrolment is to be based on best information available at time of the 2024/2025 budget report preparation.
- 3) Other Grade 1 to 12 students that are not eligible for base instruction funding from Alberta Education include First Nations students living on reserves for which tuition fee payments are made from Band or AANDC (Code 330), students younger than 5 1/2 or older than 20, and out-of-province and foreign students.
- 4) Because they are funded separately, Home Education students are not included with total net enrolled students. Home Education Kindergartens, under ECS, do not apply to charter schools.
